Permit Application
Customer and Vehicle Information

Customer Information
Please print with black or blue pen only.

OSUID *8 or 9 Digits, Not SSN*

Name *Last, First, M.I.*

Mailing Address *Street, City, State, Zip*

Phone Number

Email Address

Permit Type   Annual Fee

Vehicle Information

Paid permit verification is accomplished solely through license plate recognition technology; as such, it is important that license plate information be kept current at all times.

License plate information may be updated by logging in to the online self-service portal and clicking on *Link Vehicle(s) to Permit*.

Up to two vehicles may be linked to a permit, but only one vehicle at a time may be parked on campus without additional payment. Paid hourly parking or a valid visitor permit is required for an additional linked vehicle to be parked on campus simultaneously.

Garage Access Keycard

Garage gates are activated by tapping the keycard directly on the reader at garage entrances and exits.

Garage access keycards may only be used at the garages and during the scheduled access times outlined in the *Keycard Access Table* (see osu.campusparc.com). In addition, keycards may only be used to exit if the last use was for entrance, and vice versa. If a ticket is pulled to enter a garage, payment must be made at exit.
