Individuals with reduced mobility are eligible to purchase an ADA Accessible parking permit. All faculty, staff, and students who wish to utilize accessible parking spaces are required to purchase a CampusParc ADA Accessible permit rather than using the state issued and a standard permit; this identifies where accessible parking spaces are needed, regulates the use of such spaces to ensure they are available for those who need them, and discourages abuse.

Temporary Accessible Parking
Customers requiring an accessible parking permit for less than one month may have a doctor fill out the CampusParc Accessible Parking Request Form or provide a state-issued temporary placard and a copy of the registration must be provided with the permit application.

All undergraduate students granted temporary ADA Accessible parking are required to park on West Campus.

Permanent Accessible Parking
A copy of the state disability placard registration is required along with the permit application. Customers are eligible to purchase an accessible parking permit until the expiration of the state-issued placard.

There are three different accessible parking permits available at price points that mirror the equivalent standard permit.

Central Campus
Central Campus accessible parking permits allow parking in garages (except SAFEAUTO) and unrestricted surface lot spaces.

Buckeye Lot
Buckeye Lot accessible parking permits allow parking in the Buckeye Lot and West Campus lots during peak periods. Access to unrestricted Central Campus surface lot spaces and garages (except SAFEAUTO) is provided during off-peak periods.

West Campus
West Campus accessible parking permits allow parking in West Campus lots during peak periods. Access to unrestricted Central campus surface lot spaces and garages (except SAFEAUTO) is provided during off-peak periods.

ADA Accessible Hourly Parking
ADA Accessible spaces are available in all garages and most surface lots across campus. Access to unrestricted Central Campus surface lot spaces and garages (except SAFEAUTO) is provided during off-peak periods.

Garage Parking
Hourly rates are posted at the entrance of each garage, and garage fees are due before exiting. Please refer to the garage entry ticket and posted signage for payment locations.

Surface Lot Parking
Pay-by-plate machines and single-space meters are located throughout campus. Rates are indicated on each pay machine. In addition, surface lot visitor permits are available online and at the CampusParc Customer Service Center.

If you have any questions or need additional information, visit osu.campusparc.com, write to us at osuinfo@campusparc.com, or call us at 614.688.0000.
